

Welcome to Dr. Dynasaur and Medicaid

Preventive health care and early treatment are the keys to staying healthy. We are pleased to inform you that routine health and dental visits are covered by Dr. Dynasaur/Medicaid.

Services covered for Your Child include:

- Routine checkups
- Immunizations (Shots)
- Prescription Medicines
- Dental Visits
- Screening Tests

Below is a list of recommended regular checkups for children and youth from birth to age 21. It is recommended that babies see a primary care provider at specific times until the age of 18 months. After this, scheduling a routine appointment almost every year around the time of a birthday is an easy way to remember. If you have any questions about coverage for specific services, please call Vermont Health Access Member Services at (800) 250-8427.

If you would like help finding a doctor or dentist, making an appointment or arranging transportation to these services, please call:

Vermont Department of Health
(800) 649-4357

Checkup Schedule

Recommendations for regular checkups:

Under Age 1

1st week*
1 month
2 months
4 months
6 months
9 months

Ages 1–2

1 year
15 months
18 months

Ages 2–21

Every year (except ages 7 & 9)

*A visit is recommended in the first week after your baby leaves the hospital or as determined by your child's provider. If you left the hospital without a visit scheduled, it is important to contact your child's provider.

Recommendations for dental checkups

A first visit to the dentist is recommended between ages 2 and 3, or earlier if there are special concerns. Routine dental visits are recommended every six months after that.
